English — [C1]. Two years working daily
with US-based teams.

Spanish — Native

PROFILE

Marketing and e-commerce designer working remotely with US brands. I run the full commercial creative pipeline — paid social, email, Amazon A+ content, packaging and product imagery — and build AI image systems that stay consistent across entire campaigns. Final-year Graphic Design student at Universidad de Buenos Aires.

EXPERIENCE

Ancient Choice — United States (Remote)

Marketing & E-commerce Specialist

2023 – Present

- Planning and execution of end-to-end digital marketing campaigns, working alongside the copywriting team.
- Design and production of monthly assets for ads, social media and email.
- Email marketing in Klaviyo: campaigns and automated flows.
- Amazon A+ Content across the product catalogue, plus Meta Ads creative.
- Campaign tracking and optimisation based on performance, using AI tools to speed up production.

High Camp Flasks — United States (Remote)

Team Lead — Operations & Customizations

2023 – 2026

- Led a team of 3 running daily operations for custom engraving orders.
- Coordinated suppliers and order tracking, ensuring every order reached production with the correct specifications.
- Managed high-volume periods including Christmas peak season, keeping workflow running without bottlenecks.
- Trained and onboarded new team members, and documented internal processes.
- Point of contact between operations, customer support and sales, resolving issues across artwork, orders and production.

Diseño freelance

2022 – Present

- Design and content projects for clients in Argentina and abroad: brand identity, social media assets, digital advertising and editorial design.
- Direct client coordination: scoping, quoting, delivery timelines and revision rounds.
